Tooth Tutor Update

Gearing up for Spring Sports, remember to ALWAYS wear a Mouth Guard. If a tooth is accidentally knocked out, seek immediate treatment (preferably within 30 minutes).

- * DO NOT clean the tooth
- * Do NOT touch the wound site.
- * Keep the tooth WET. Put it in a glass of milk, cool water or wet cloth.

This also works for a broken tooth if the break is clean and not in pieces. They can actually cement your tooth back together.

See your favorite dentist!
