We are off to a great start! The Flynn staff is doing an amazing job welcoming students and preparing them for the year ahead. I have had the great pleasure of walking through classrooms and engaging with students. I also have had the pleasure of getting to know our Flynntastic students by spending time with them during their scheduled recess and lunch.

One of the things we have been reviewing during my classroom visits is our school expectations: being responsible, being respectful and being safe. During my classroom visits students were able to discuss in detail what each expectation looks like and feels like.

I am so proud of the work our students have done in a very short time. Keep up the good work!

On another note, one area we are in need of assistance with is at drop off and pick up. To ensure students' safety please review the following ;

The South Parking (Starr Farm Road) lot is a drop-off parking lot. Please do not park in the fire lane. Staff will be outside to assist you dropping off your student and make sure they get into school safely.

Please do not park at Birchwood Nursing Home. They need all the parking slots they have for staff.

If all parking lots are full you may temporarily park in the 15 minutes parking spaces in the front of the building.

Also please be mindful that at the beginning and the end of the day we have buses in the front of the building loading students on and off the bus. Please proceed with caution if you are pulling in during those times.

Please do not park behind the buses or in the bus lane. We need as much space as possible when all 3 buses pull in.

By working together we can keep our Flynntastic students safe

Fall Harvest at the Flynn School Community Garden!

Our students and staff have been working hard for many months to design, create, plant and maintain a beautiful school garden. Finally, all of our hard work has paid off. We have many varieties of vegetables ready to be eaten.

On Tuesday, September 17th at 3:00 we will have **FREE Vegetables** and packs of seeds available to anyone that is interested. The students will have a table set up in the North playground/ blacktop area.

On Thursday, September 19th students will be serving a very light snack to anyone that comes to the School Open House.

Thank you to all of the community members that have supported us with their knowledge and hard work to make this exciting opportunity happen for our students.

Donations will be accepted to help support the garden and kitchen cart.

Department of Public Safety

We need your STUDENT ARTISTS for the 2020 Robert Howe Fire Safety Calendar

We need your help to assist students in creating fire safety messages this year by participating in the 29th annual Robert Howe Calendar Program organized by the Vermont Department of Public Safety, Division of Fire Safety. The distributed calendars will send fire safety messages and reminders to thousands of homes across the State of Vermont and provides a focused learning experience when the children create fire safety posters for the calendar.

Once the Division receives the artwork from all the schools, a team of judges then selects 12 posters based on each month's designated fire safety message and one poster for the cover to be included in the 29th Annual 2020 Calendar. Once printed, thousands of calendars are then delivered to schools throughout the State of Vermont. The Fire Safety Calendar Program and its integrated messages typically goes hand and hand with many local fire safety programs.

Fire Prevention Week is October 6th through October 12th, 2019. The focus of Fire Prevention Week is to make fire safety a part of daily life throughout the year and the calendar helps coordinate fire prevention topics for each month. Schools and Home-Schooled students can work on the posters before or after fire prevention week, depending on the individual teacher's schedule. The finished posters must be mailed to the Central Office or dropped off at one of the Division's Regional Offices by October 18, 2019. The poster contest is open to **all third grade students**.

Educators have advised that third grade students are at a good point in their development to understand and promote the issues regarding fire safety. Poster topics should be selected from the themes listed below. Art teachers recommend that big, bold, designs and messages show up the best and attract the interest of the students.

For additional information on the *Robert Howe Fire Safety Calendar* Program, or to get involved in supporting the program as a sponsor, contact the Division of Fire Safety, Berlin Office, at 1-800-640-2106 or on our website at firesafety.vermont.gov. If your school has participated in the past; we look forward to seeing all the new artwork. If your school is new to this program and you need some additional information or suggestions, please do not hesitate to contact us. We have a team of enthusiastic staff ready to answer your questions and help in any way we can. Thank you for your help with this important program.
