

BURLINGTON KIDS

SESSION 1 BROCHURE

September 21th- December 11th

Program Updates

J.J. Flynn
Elementary

Hello Families,

It's here! It's happening! The brochure for Session 1. We've been hard at work hiring and onboarding staff to offer new and familiar programming to students this fall semester. Session 1 will run from September 22nd through December 11th. Please note that our newest kindergarten learners do not sign up for session one activities. Through the holiday break, they will continue on learning and growing in K Club! As for the rest of our friends, we will be signing children up at school again like we did last school year!

Sometimes students end up in a class that just isn't the right fit for them. We ask that all students try the class they are in for the first week. After trying the class we allow for a switch to a different class if space allows. We only do switches during the second week of the session. In an effort to maintain clear and accurate attendance sheets we are asking that kids limit their class switches.

Please note that activities have limited capacity based on staffing, so your child may not get their first choice. We will put them on the "waitlist" for their first choice in case another student switches out.

Due to staffing we are starting this session with limited activities and will be adding more as our new staff complete all their background checks.

For example, we will add a Monday cooking class for grades 3-5!
